VAPOR BATHS.
The inhabitants of Indianapolis and vicinity are also informed that Dr. Pendery has opened a spacious and commodious Bath Room, office No. 241-2 East Washington street, to enable the sick and afflicted to test the efficacy of the Medicinal Vapor Bath.
It is not deemed necessary to dilate or in any way enlarge on the remarkable and astounding cures performed through the agency of these baths; the wonderful effect of Fumigation, of reducing medical agents to a vapor and bringing the heated vapor to the surface of the body, has attracted the attention and challenged the admission of the most distinguished medical men of the age.
The Vapor Baths were first introduced by the Court Surgeons, with every royal family in Europe, and have been generally received the plaudits of all classes of patients in humile as well as in the higher walks of life.
The Vapor Baths are precisely adapted to every class of disease. In Chronic Rheumatism, Erysipelas, Dyspepsia, Nervous Headache, Palsy, Lung Disease, or any affection to which the human system is liable, the Vapor Bath will do more for the cure of the disease than any other form of medicine can possibly attain.
A trial of these Baths never fails to convince the most skeptical of the wonderful curative power of extract of Sulphur Vapor, for instance, is conceded by the most pre-eminently physician, or the most stupid ignorant pretender, to be the very best remedy ever used for Chronic Rheumatism, all classes and kinds of Skin Diseases, and the numerous forms of Catarrhs.
Jodine Vapor, with Extract of Wild Cherry, for all forms of Lung or Bronchial Disease, as with the therapeutic extract, vegetable reduced, to a vapor and brought in contact with the skin, or any diseased surface, produces the most flattering and satisfactory results, which no other form of medicine can possibly attain.
